Dr. Leslie Elfenbein
Clifton Endodontics
1001 Clifton Ave
Clifton NJ 07013-3586

Dear Dr. Elfenbein:

I would like to thank you and your staff for the care you afforded me during a time of severe discomfort. Your experience and skill in the field of endodontics allowed for a quick and accurate diagnosis of my symptoms. You performed the root canal procedure with little discomfort in the most expeditious and skillful manner. I have never experienced a more professional staff. Your office environment made me feel relaxed and alleviated my anxiety. After the procedure I expected to have some pain or soreness, but I did not even need to take an aspirin. Later that day you took the time to personally call and follow-up to ensure my well being. I would highly recommend you for anyone considering a root canal procedure.

I wish you and your staff a Happy Thanksgiving, and I thank you for making mine--pain free.

Sincerely,

Carolyn [REDACTED]

Carolyn [REDACTED]
Grateful Patient

Dear Dr. Elfenbein,

Again, I would like to express my sincerest thanks for all you have done for me. You are indeed a "painless" dentist/doctor!!!

Your concern for patients is beyond comparison. I always feel so welcome when I come into your office.

It is stated that a boss is only as good as one's staff. Your staff must really respect you as the "entire" staff is so very efficient and dedicated.

There is nothing that I could even suggest to better the care and concern of your patients. You are the best and I have (in my 82 years) seen the best and the worst!!!

Thank you sooooo much

11/15/11

Dear Dr. Elfenbein
and Staff,

Your thoughtfulness
certainly made
a difference in mine.

Thanks Again

Sincerely,
Dorothy

See you in three months.
Dorothy
God willing
