

Thank you for helping me not to be
so nervous when you fixed my teeth!
I appreciate it!

-Alyssa

Dear Dr. Elfenbein,

I just wanted to send you a quick note
of thanks. Thank you for discounting the amount owed to
you for my daughter Alyssa's treatment, but more
importantly, thank you to you and your staff. The
kindness, gentleness and compassion you have shown my
daughter is amazing. Sometimes in life we are blessed to
come across genuine, kind people and you sir are that person
to us. Words can never express the gratitude I feel in
my heart. My daughter has been through so much and due to
her anxiety issues, it is compounded. You truly are a blessing.

Thank you,

Christine [REDACTED]
