Clifton, NJ 07013

Dear Dr. Deblinger,

I would like to take this opportunity to compliment you on how "pleasurable" you made my root canal experience. Needless to say, I was very apprehensive on getting root canals since I have heard many stories of problems people have had with this procedure. To my amazement, you did my root canal work with less discomfort than I have from getting my teeth cleaned. Both you and your staff were extremely professional, helpful, and nice.

Thanks once again and I am looking forward to my next root canal.

Sincerely,

[REDACTED]

Mike [REDACTED]
