

Dear Dr. Elfenbein -

I hope that the lateness of this note does not diminish it's heartfelt content -

Thank you so much for fitting me in to your filled-to-overflowing schedule last week when Dr. Zaorski wasn't available - We very much appreciate your kindness, availability and generosity and talked about how wonderful you are — and how lucky we are — the whole way home.

You are a treasure, a gift, an outlier for sure, and an all-around awesome human

Thank you so much  
Tom
